Case No. 20-cv-1240

COMPLAINT FOR DECLARATORY AND INJUNCTIVE RELIEF

Plaintiffs WP Company LLC d/b/a The Washington Post, Bloomberg L.P., Dow Jones & Company, Inc., Pro Publica, Inc., and The New York Times Company bring this suit against Defendant the U.S. Small Business Administration (“the SBA”). In support thereof, Plaintiffs state as follows:

INTRODUCTION

1. This is an action brought pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, for declaratory, injunctive, and other appropriate relief. Through FOIA, Plaintiffs have each sought from the SBA records that would identify and provide basic information about the private businesses that have recently received public assistance as part of the federal government’s efforts to address the economic fallout of the COVID-19 pandemic.

2. Plaintiffs submitted these FOIA requests and sought expedited processing of them because of the public interest in contemporaneously monitoring the disbursement of billions of taxpayer dollars through expansive federal initiatives – most notably the new Paycheck Protection Program – during this period of unprecedented financial and social disruption, and because the SBA has until now routinely provided such information about businesses that take out SBA loans.

3. In violation of FOIA, the SBA has constructively denied two requests for the records and has denied or constructively denied expedited processing of several other requests.

PARTIES

FACTUAL ALLEGATIONS

I. The COVID-19 Pandemic

12. On January 31, 2020, the federal government declared a public health emergency as to the outbreak of the novel coronavirus SARS-CoV-2, which causes the disease COVID-19.

See <https://www.hhs.gov/about/news/2020/01/31/secretary-azar-declares-public-health-emergency-us-2019-novel-coronavirus.html>.

13. COVID-19 is believed to have infected at least 1,354,504 people and killed 81,076 people in the United States. Those figures are current to date but continue to be updated at <https://coronavirus.jhu.edu/map.html>.

14. As the Federal Reserve has recognized, the COVID-19 pandemic is also causing “economic hardship across the United States and around the world. The virus and the measures taken to protect public health are inducing sharp declines in economic activity and a surge in job losses.” See <https://www.federalreserve.gov/newsevents/pressreleases/monetary20200429a.htm>.

15. Perhaps the starkest indicator of COVID-19’s economic impact is that, as of April 2020, the U.S. unemployment rate has reached 14.7 percent, its highest level since the Great Depression. See <https://www.bls.gov/news.release/empsit.nr0.htm>.

16. Federal Reserve Chair Jerome Powell has further stated that “economic activity will likely drop at an unprecedented rate in the second quarter,” and that “[w]e’re going to see economic data for the second quarter that’s worse than any data we’ve seen for the economy.” See <https://www.federalreserve.gov/mediacenter/files/FOMCpresconf20200429.pdf> at 2, 12.

II. The Paycheck Protection Program And Economic Injury Disaster Loan Program

17. In March 2020, the federal government escalated its efforts to address the growing economic crisis caused by the COVID-19 pandemic by passing into law the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act. See Public Law No. 116-136.

18. A key component of the CARES Act is the creation of the Paycheck Protection Program (“PPP”), which amends Section 7(a) of the Small Business Act. *Id.* § 1102(a).

19. According to the Treasury Department, the PPP “is implemented by the [SBA] with support from the Department of the Treasury,” and it “provides small businesses with funds

to pay up to 8 weeks of payroll costs including benefits,” as well as “interest on mortgages, rent, and utilities.” *See* <https://home.treasury.gov/policy-issues/cares/assistance-for-small-businesses>.

20. The SBA represents that it will forgive loans made under the PPP so long as all employees of the borrower “are kept on the payroll for eight weeks and the money is used for payroll, rent, mortgage interest, or utilities.” *See* <https://www.sba.gov/funding-programs/loans/coronavirus-relief-options/paycheck-protection-program>.

21. According to the SBA’s Office of Inspector General, “SBA launched the [PPP] on April 3, 2020, and just 14 days later, by April 16, PPP lenders approved more than 1,661,000 loans totaling nearly \$342.3 billion. On April 24, 2020, the President signed the Paycheck Protection Program and Health Care Enhancement Act to provide an additional \$310 billion to the PPP. SBA initiated this cycle of additional funding on April 27, 2020. As of May 6, PPP lenders approved an additional 2,441,369 loans, totaling about \$183.5 billion.” *See* <https://www.sba.gov/document/report-20-14-flash-report-small-business-administrations-implementation-paycheck-protection-program-requirements>.

22. The SBA also announced that it would lend up to \$2 million to small businesses affected by COVID-19 under the agency’s Economic Injury Disaster Loan (“EIDL”) program. *See* <https://www.sba.gov/about-sba/sba-newsroom/press-releases-media-advisories/sba-provide-disaster-assistance-loans-small-businesses-impacted-coronavirus-covid-19>.

23. In the precursor to the CARES Act, the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020, Congress gave the SBA authority to make disaster loans to businesses injured by the COVID-19 pandemic. *See* Public Law No. 116-123. Congress later provided \$10 billion in additional funds for cash advances under the EIDL program, *see* CARES Act § 1107(a)(6), and it subsequently appropriated \$50 billion more for the EIDL program as

well, *see* PPP and Health Care Enhancement Act, 134 Stat. 628, Div. B, Tit. II.

III. Questions Surrounding The SBA's COVID-Related Programs

24. While the SBA has not yet disclosed which companies have received loans under its COVID-related assistance programs, press reports have identified certain PPP loan recipients, leading to questions over whether that program is functioning as originally intended. *See, e.g.*, <https://www.wsj.com/articles/these-are-the-public-companies-that-got-small-business-loans-11587493742>; <https://www.propublica.org/getinvolved/coronavirus-company-bailouts>.

25. Some of these PPP borrowers have decided to return the SBA's loans in the face of this public scrutiny. For example, Shake Shack, a \$1.6 billion burger-and-fries chain based in New York City, received \$10 million under the PPP, but the company later decided to return the loan, writing in an open letter, "If this act were written for small businesses, how is it possible that so many independent restaurants whose employees needed just as much help were unable to receive funding?" *See, e.g.*, <https://www.washingtonpost.com/business/2020/04/20/white-house-gop-face-heat-after-hotel-restaurant-chains-helped-run-small-business-program-dry/>.

26. Other businesses that have announced they will return PPP loans include Ruth's Chris Steak House, luxury cruise operator Lindblad Expeditions, and the Los Angeles Lakers. *See, e.g.*, <https://www.bloomberg.com/news/articles/2020-05-08/jpmorgan-s-publicly-traded-clients-give-back-the-most-ppp-loans>.

27. The Ashford Hospitality Trust, which owns hotels and resorts, also announced it will return PPP funds after its subsidiaries applied for \$126 million in loans and received more than \$70 million. *See, e.g.*, <https://www.nytimes.com/2020/05/02/business/economy/ashford-hotels-virus-monty-bennett.html/>.

28. On May 8, 2020, the U.S. House of Representatives Select Subcommittee on the

Coronavirus Crisis sent letters to several PPP borrowers “demanding that [these] large, public corporations immediately return taxpayer funds that Congress intended for small businesses struggling to survive during the coronavirus crisis.” See <https://oversight.house.gov/news/press-releases/in-first-official-action-house-coronavirus-panel-demands-that-large-public>.

29. Also on May 8, 2020, the SBA’s Office of Inspector General issued a “Flash Report” on the agency’s implementation of the PPP, which found several “areas . . . that did not fully align with the [CARES] Act’s provisions,” including that the “SBA did not provide guidance to lenders about prioritizing borrowers in underserved and rural markets,” such that “these borrowers, including rural, minority and women-owned businesses may not have received the loans as intended.” See https://www.sba.gov/sites/default/files/2020-05/SBA_OIG_Report_20-14_508.pdf at 4.

30. On April 9, 2020, the National Federation of Independent Businesses released the results of a small business survey, finding that “[o]f those who applied for the EIDL loan, just 4% have been approved and 1% not approved. Most applicants of the EIDL have yet to receive an update on the statuses of their application and no small business applicants have received the loan or the emergency grant.” See <https://www.nfib.com/content/press-release/economy/70-percent-of-small-businesses-applied-for-ppp-loans-nearly-half-applied-for-eidl/>.

31. On April 10, 2020, a group of 15 lawmakers wrote to SBA Administrator Jovita Carranza and Treasury Secretary Steven Mnuchin to raise concerns that the PPP and EIDL “are not being implemented as Congress intended.” As to the EIDL in particular, the lawmakers wrote that “the law requires SBA to issue advances within three days of receipt of applications, yet small business owners say they are still waiting weeks after applying.” See <https://velazquez.house.gov/sites/velazquez.house.gov/files/NYC%20Del%20letter%20to%20M>

[nuchin%20and%20Carranza%2004-10-20%20%28signatures%29%20final.pdf](#) at 2.

32. On May 4, 2020, a group of 103 lawmakers wrote to Administrator Carranza, stating that “many of our constituents who applied for [EIDL] have yet to hear about the status of their application. In fact, many small businesses have been without meaningful information from the SBA for weeks.” The lawmakers’ letter further stated that “[t]he sporadic and incomplete data thus far provided to Congress has been woefully insufficient, making it impossible to conduct proper oversight and keep our constituents informed.” *See*

https://luria.house.gov/sites/luria.house.gov/files/wysiwyg_uploaded/2020.05.04%20Schneider%20Letter%20to%20SBA%20on%20EIDL.pdf at 1-2.

33. That same day, the SBA announced that it would “begin accepting new EIDL applications on a limited basis” and provide assistance only to “agricultural businesses.” *See* <https://www.sba.gov/about-sba/sba-newsroom/press-releases-media-advisories/sba-make-economic-injury-disaster-loans-available-us-agricultural-businesses-impacted-covid-19>.

IV. The Plaintiffs’ FOIA Requests

34. All of the Plaintiffs have submitted FOIA requests to the SBA for records that would identify and provide basic information about the businesses approved for public assistance under the SBA’s COVID-related programs, including the PPP and EIDL. Though there are slight variations among these requests, as detailed below, they all seek essentially the same information that the SBA has up until now routinely provided about the businesses that borrow funds under its Section 7(a) program – the program that the CARES Act expanded to create the PPP. *See* <https://www.sba.gov/about-sba/open-government/foia> (under “Frequently requested records”).

35. All of the Plaintiffs sought expedited processing of these requests based on the

compelling need to provide the public with contemporaneous information about these important federal programs.

36. The SBA has either failed to respond to the requests or it has issued boilerplate responses stating that, at some indefinite point “[i]n the near future,” the SBA hopes “to turn [its] efforts to providing loan specific data to the public”; the SBA’s responses provide no concrete indication of what that data will include or when that data will actually be made available. *See also* <https://www.sba.gov/about-sba/open-government/foia> (under “Frequently requested records”).

37. To date, the SBA has not produced any records responsive to any of the Plaintiffs’ FOIA requests.

38. To date, the SBA has not informed any of the Plaintiffs as to the scope of the records that the agency will produce in response to any of the Plaintiffs’ requests.

39. To date, the SBA has not informed any of the Plaintiffs as to the scope of responsive records that the agency will withhold pursuant to any FOIA exemption(s).

40. To date, the SBA largely has not provided a determination on whether these FOIA requests will receive expedited processing, or it has denied expedited processing outright.

The Post’s Request

41. The Post submitted a FOIA request (the “Post Request”) to the SBA on April 24, 2020, seeking records relating to the PPP and EIDL program.

- a. Specifically, the Post Request sought the following information as to the recipients of PPP loans “from April 3, 2020 until the completion of this loan program”: (i) “Names and commercial street and email addresses of recipients of approved loans”; (ii) “Date of loan approval and date of disbursement (if available)”; (iii) “Names of officers, directors, stockholders or partners of

recipient firms”; (iv) “Kinds and amounts of loans, loan terms, interest rates, maturity dates, general purpose”; and (v) “Identity and location of participating banks.” A true and correct copy of the Post Request is attached hereto as Exhibit A.

- b. As the Post Request stated, the PPP loan application itself includes the following notice to potential borrowers under the heading “Freedom of Information Act (5 U.S.C. § 552)”:

Subject to certain exceptions, SBA must supply information reflected in agency files and records to a person requesting it. Information about approved loans that will be automatically released includes, among other things, statistics on our loan programs (individual borrowers are not identified in the statistics) and other information such as the names of the borrowers (and their officers, directors, stockholders or partners), the collateral pledged to secure the loan, the amount of the loan, its purpose in general terms and the maturity.

Ex. A at 1; *see also* <https://www.sba.gov/document/sba-form-2483-paycheck-protection-program-borrower-application-form>.

- c. The Post Request also sought the same categories of information about recipients of EIDL loans, “from March 12, 2020 until the completion of this loan program.”

Ex. A at 2.

- d. As the Post Request noted, “it is clear from the [SBA’s] website that the SBA already has this data for both loan programs in a database and is merely withholding much of it from the public,” as “[t]he SBA produces weekly reports for the PPP program and the EIDL program breaking down these loans by state, size of loan, type of industry sector and number of loans approved per lender.”

Ex. A at 2; *see also* <https://www.sba.gov/about-sba/open-government/foia> (under “Frequently requested records”).

42. The Post Request asked for expedited processing because the Post is primarily engaged in the dissemination of information and because there is an urgent need to inform the public about activities of the federal government, namely on the grounds that “[k]nowledge of the efficiency of the PPP and EIDL is a matter of current exigency to the American public”; “[d]elay in releasing information about the efficiency of the PPP and the EIDL will compromise the recognized public interest in being informed of the efforts and success of the federal stimulus program law enacted to fight the economic fallout of the COVID-19 pandemic”; “SBA loans are clearly federal government activity”; and “[t]here are credible claims, including by members of the House of Representatives and Senate, and U.S. governors, that aspects of the government’s activity in the PPP and EIDL are improper.” Ex. A at 2.

43. The Post’s FOIA Director, Nate Jones, certified that these grounds for expedited processing were true and correct to the best of his knowledge. *Id.* at 3.

44. To date, the SBA has not provided the Post with a determination on whether the Post Request will receive expedited processing.

45. To date, the SBA has not provided a complete response to the Post Request.

Bloomberg’s Requests

46. Bloomberg submitted a series of FOIA requests to the SBA between April 8 and April 29, 2020, seeking records relating to the PPP and EIDL program (together, the “Bloomberg Requests”). Specifically, the Bloomberg Requests sought (i) “Records of approved Paycheck Protection Program loans,” with “data on each loan in the same format as currently provided by the SBA for 7(a) loans published on the SBA’s website”; (ii) “Records of approved Covid-19 Economic Injury Disaster Loans,” with “data on each loan in the same format as currently provided by the SBA for EIDL’s (CFDA 59.008) published on usaspending.gov”; and

(iii) “Records of approved Emergency Economic Injury Disaster Loan Grants, as authorized under Section 1110 of the CARES Act,” with “data on each loan in a similar format as that provided by the SBA for all EIDL’s (CFDA 59.008) published on usaspending.gov,” which “should include but need not be limited to the following fields: value of emergency grant, face value of related EIDL loan, action date, recipient name, recipient parent duns, recipient parent name, recipient address, recipient city name, recipient county code, recipient county name, recipient state code, recipient state name, recipient ZIP code, recipient congressional district.” The Bloomberg Requests sought these records for the period from: the start of the programs through April 8, 2020; April 9, 2020 through April 15, 2020; April 16, 2020 through April 22, 2020; and April 23, 2020 through April 29, 2020. A composite of the Bloomberg Requests is attached hereto as Exhibit B.

47. The Bloomberg Requests asked for expedited processing because the requestor “is engaged in the dissemination of information to the public and the subject matter related to this request is a matter of great public interest, debate, and urgency,” in particular that “the survival of the U.S. economy, and especially small businesses, during the Covid-19 pandemic is a matter of great public concern; the SBA’s loan programs are the central pillar of the U.S. government’s plan to rescue small businesses; and accountability, scrutiny, and oversight of these efforts depends on timely public disclosure of the SBA’s actions.” *See generally* Ex. B.

48. The SBA responded to the first of the Bloomberg Requests, assigned handling number SBA-2020-000555 (the “555 Bloomberg Request”) via email on April 20, 2020, providing no information as to when responsive records would be released, and making the boilerplate statement that “[i]n the future, we will be able to turn our efforts to providing loan specific data to the public but hope that all understand the need for the Agency to focus its efforts

fulfilling the needs of the small businesses.” SBA responded to the remainder of the Bloomberg Requests with essentially identical emails on April 21, April 23, May 4, and May 6, 2020. A composite of SBA’s responses to the Bloomberg Requests is attached hereto as Exhibit C.

49. To date, the SBA has not produced any records responsive to the 555 Bloomberg Request.

50. To date, the SBA has not informed Bloomberg as to the scope of the records that the agency will produce in response to the 555 Bloomberg Request.

51. To date, the SBA has not informed Bloomberg as to the scope of records responsive to the 555 Bloomberg Request that the agency will withhold pursuant to any FOIA exemption(s).

52. On April 26, 2020, the SBA notified Bloomberg via email that expedited processing “has been denied” for the FOIA request that Bloomberg submitted on April 15, 2020, which was assigned handling number SBA-2020-000620 (the “620 Bloomberg Request”). On May 5, 2020, the SBA notified Bloomberg via email that expedited processing “has been denied” for the FOIA request that Bloomberg submitted on April 23, 2020, which was assigned handling number SBA-2020-000910 (the “910 Bloomberg Request”). On May 11, 2020, the SBA notified Bloomberg via email that expedited processing “has been denied” for the FOIA request that Bloomberg submitted on April 29, 2020, which was assigned handling number SBA-2020-001018 (the “1018 Bloomberg Request”). A composite of SBA’s emails denying expedited processing of these requests is attached hereto as Exhibit D.

53. To date, the SBA has not provided a complete response to any of the Bloomberg Requests.

Dow Jones's Requests

54. Dow Jones submitted a series of six FOIA requests to the SBA between April 13 and May 1, 2020, seeking records relating to PPP recipients. A composite of Dow Jones's FOIA requests is attached hereto as Exhibit E.

55. In the first request, submitted on April 13 and assigned handling number SBA-2020-000580 (the "580 Dow Jones Request"), Dow Jones sought "[a] summary database of information for all APPROVED loans under the Paycheck Protection Program of the 2020 CARES Act from the time the program began accepting applications through the end of business on April 13, 2020," including "all data fields the [SBA] tracks for each loan that it determines is information generally disclosed under FOIA, including but not limited to: 1) names, commercial street addresses, and e-mail addresses of recipients of approved loans, 2) names of officers, directors, stockholders or partners of recipient firms, 3) kinds and amounts of loans, loan terms, interest rates, maturity dates, general purpose, etc., 4) business type 5) bank name and bank commercial street address, 6) approval date, 7) disbursement date, 8) NAICS description, 9) franchise name and franchise code, if applicable." Ex. E at 1.

56. On April 20, 2020, the SBA responded via email to the 580 Dow Jones Request, providing no information as to when responsive records would be released, and making the boilerplate statement that "[i]n the future, we will be able to turn our efforts to providing loan specific data to the public but hope that all understand the need for the Agency to focus its efforts fulfilling the needs of the small businesses." A true and correct copy of the SBA's response to the 580 Dow Jones Request is attached hereto as Exhibit F.

57. To date, the SBA has not produced any records responsive to the 580 Dow Jones Request.

58. To date, the SBA has not informed Dow Jones as to the scope of the records that the agency will produce in response to the 580 Dow Jones Request.

59. To date, the SBA has not informed Dow Jones as to the scope of records responsive to the 580 Dow Jones Request that the agency will withhold pursuant to any FOIA exemption(s).

60. In its other requests, submitted April 24 through May 1, 2020, Dow Jones sought (1) “A full data export for approved borrowers and lenders of the [PPP] as of the current date”; (2) the same categories of data for all PPP recipients as of the date the requests were processed; (3) the same categories of data about PPP recipients in the Pacific region; (4) the same categories of data about PPP recipients in the and Mid-Atlantic region; and (5) “the underlying loan level data, stored in a spreadsheet or database or other electronic form, that was used to generate the statistical information the [SBA] has published regarding the [PPP]” at <https://content.sba.gov/sites/default/files/2020-05/PPP%20Deck%20copy.pdf>. Ex. E at 2-7.

61. Dow Jones sought expedited processing of each of its other FOIA requests on the grounds that the requestor is a member of the press and “there is an urgent need to inform the public about how [PPP] funds are used,” including because “there is taxpayer money at risk.”

62. On May 11, 2020, the SBA notified Dow Jones via email that expedited processing “has been denied” for the FOIA request that Dow Jones submitted on May 1, 2020, which was assigned handling number SBA-2020-001060 (the “1060 Dow Jones Request”). A true and correct copy of the SBA’s email denying expedited processing of the 1060 Dow Jones Request is attached hereto as Exhibit G.

63. Also on May 11, 2020, the SBA notified Dow Jones via email that expedited processing “has been denied” for the FOIA request that Dow Jones submitted on May 4, 2020,

which was assigned handling number SBA-2020-001088 (the “1088 Dow Jones Request”). A true and correct copy of the SBA’s email denying expedited processing of the 1088 Dow Jones Request is attached hereto as Exhibit H.

64. To date, the SBA has not provided Dow Jones with a determination on whether its remaining FOIA requests will receive expedited processing.

65. To date, the SBA has not provided a complete response to Dow Jones’s requests.

ProPublica’s Requests

66. ProPublica has submitted two FOIA requests to the SBA for records relating to PPP and EIDL recipients and recipients of assistance from a related SBA program. In its first request, submitted on April 23, 2020, and assigned handling number SBA-2020-000914 (the “914 ProPublica Request”), ProPublica sought “loan level information about all loans made under the [PPP]” and “the same information for Emergency EIDL Grants,” specifically seeking, “for both these programs, . . . the same 34 fields the SBA provides through its “SBA 7(a) & 504 loan data reports” on its FOIA website,” as well as “information on the amount of forgiveness allowed for each loan.” A true and correct copy of the 914 ProPublica Request is attached hereto as Exhibit I.

67. ProPublica sought expedited processing of the 914 ProPublica Request on the grounds that the requestor is a full-time journalist and “[t]he PPP and EIDL programs collectively have been the focus of intense public interest since the program involves hundreds of billions of taxpayer dollars, directly affects tens of millions of Americans, and is taking place during a national emergency.” *Id.* at 2.

68. On May 4, 2020, the SBA responded via email to the 914 ProPublica Request, providing no information as to when responsive records would be released, and making the

boilerplate statement that the SBA “is providing statistical information” about the PPP and EIDL. A true and correct copy of the SBA’s response to the 914 ProPublica Request is attached hereto as Exhibit J.

69. On May 5, 2020, the SBA notified ProPublica via email that its request for expedited processing of the 914 ProPublica Request “has been denied.” A true and correct copy of the SBA’s email denying expedited processing is attached hereto as Exhibit K.

70. To date, the SBA has not provided a complete response to the 914 ProPublica Request.

71. In its second request, submitted on April 30, 2020 and assigned handling number SBA-2020-001043 (the “1043 ProPublica Request”), ProPublica sought “loan level information about companies that received subsidies for SBA 7(a) loans under Section 1112 of the CARES Act, ‘Subsidy for Certain Loan Payments,’” which “enables the SBA to pay the principal, interest, and fees that are owed on specified loans for six months.” Specifically, “[i]n addition to the information the SBA commonly releases through its ‘SBA 7(a) & 504 loan data reports’ on its FOIA website,” ProPublica sought “for each loan, . . . the beginning date of the 6-month period that the SBA paid the loan payments, the end date, and the amount paid by the SBA under Section 1112.” A true and correct copy of the 1043 ProPublica Request is attached hereto as Exhibit L.

72. ProPublica sought expedited processing of the 1043 ProPublica Request, on the grounds that the requestor is a full-time journalist and “[t]he SBA’s lending programs collectively have been the focus of intense public interest since the programs involve hundreds of billions of taxpayer dollars, directly affects tens of millions of Americans, and is taking place during a national emergency.” *Id.* at 2.

73. To date, the SBA has not provided ProPublica with a determination on whether the 1043 ProPublica Request will receive expedited processing.

74. To date, the SBA has not provided a complete response to the 1043 ProPublica Request.

The Times's Request

75. The Times submitted a FOIA request (the "Times Request") to the SBA on April 27, 2020, seeking "a summary database of information for all approved loans under the [PPP] from the time the program began accepting applications through the end of business on April 13, 2020," including "all data fields the [SBA] tracks for each loan that it determines is information generally disclosed under FOIA, including but not limited to: 1) names, commercial [street] addresses, and e-mail address of recipients of approved loans, 2) names of officers, directors, stockholders or partners of recipient firms, 3) kinds and amounts of loans, loan terms, [interest] rates, maturity dates, general purpose, etc., 4) business type, 5) bank name and bank commercial street address, 6) approval date, 7) disbursement date, 8) NAICS description, 9) franchise name and franchise code, if applicable." A true and correct copy of the Times Request is attached hereto as Exhibit M.

76. The Times Request asked for expedited processing because the requestor is primarily engaged in the dissemination of information and because: "there is an urgent need to inform the public about the specific government activity that is the subject of this request"; "the subject of this records request is a matter of extreme media interest that has raised questions about the integrity of the government's trade negotiation practices"; "[t]he requested records will provide insight into which businesses received these loans"; and "[i]t is likely that there will be future debates about which loans should be forgiven under the terms of the program," such that

“[t]he requested records will contribute to the public’s understanding of this debate about federal government activity.” *Id.* at 2.

77. To date, the SBA has not provided The Times with a determination on whether the Times Request will receive expedited processing.

78. To date, the SBA has not provided a complete response to the Times Request.

86. There is no basis to withhold, in whole or in part, the records sought by the 555 Bloomberg Request. The SBA has wrongfully withheld those records in violation of FOIA.

Re: EXPEDITED FOIA request for Paycheck Protection Program and Emergency Injury Disaster Loan data

Dear Information Officer:

Pursuant to the Freedom of Information Act (FOIA), I hereby request the following:

1. *Data from the Paycheck Protection Program loan program, including names of applicants, dates of applications, and loan amounts approved from April 3, 2020 until the completion of this loan program. The SBA's website defines the following as information generally disclosed under FOIA and we request this data for all recipients of Paycheck Protection Act loans:*

- Names and commercial street and email addresses of recipients of approved loans;
- Date of loan approval and date of disbursement (if available);
- Names of officers, directors, stockholders or partners of recipient firms;
- Kinds and amounts of loans, loan terms, interest rates, maturity dates, general purpose;
- Identity and location of participating banks.

As you know, The Paycheck Protection Program [loan application](#) clearly states: "...SBA must supply information reflected in agency files and records to a person requesting it. Information about approved loans that will be automatically released includes, among other things, statistics on our loan programs (individual borrowers are not identified in the statistics) and other information such as the names of the borrowers (and their officers, directors, stockholders or partners), the collateral pledged to secure the loan, the amount of the loan, its purpose in general terms and the maturity." Previous SBA loan information in this program has been released in response to FOIA requests and [is currently on the SBA's online FOIA reading room](#).

2. *Data from the Economic Injury Disaster loan program (EIDL), including names of applicants, dates of applications, and loan amounts approved from March 12, 2020 until the completion of this loan program. We request that the data include:*

- Names and commercial street and email addresses of recipients of approved loans;
- Date of loan approval and date of disbursement (if available);
- Names of officers, directors, stockholders or partners of recipient firms;
- Kinds and amounts of loans, loan terms, interest rates, maturity dates, general purpose;
- Identity and location of participating banks.

Additionally, the SBA's FOIA page says the agency intends to provide "loan-specific data to the public" but that it is "focusing its efforts on assisting small businesses during this unprecedented disruption."

However, it is clear from the agency's website that the SBA already has this data for both loan programs in a database and is merely withholding much of it from the public at a time when Congress is appropriating billions of new dollars for this program. The SBA produces weekly reports for [the PPP program](#) and [the EIDL program](#) breaking down these loans by state, size of loan, type of industry sector and number of loans approved per lender.

I am a representative of the Washington Post, a news media organization primarily engaged in the dissemination of information that is urgently needed to inform the public of actual or alleged Federal Government activity. **This request qualifies for expedited processing** because:

- 1) knowledge of the efficiency of the Paycheck Protection Program and Emergency Injury Disaster loan is a matter of current exigency to the American public;
- 2) delay in releasing information about the efficiency of the Paycheck Protection Program and Emergency Injury Disaster loan program will compromise the recognized public interest in being informed of the efforts and success of the federal stimulus program law enacted to fight the economic fallout of the Covid-19 pandemic.
- 3) Small Business Administration loans are clearly federal government activity; and
- 4) there are credible claims, including by members of the House of Representatives and Senate, and U.S. governors, that aspects of the government's activity in the Paycheck Protection Program and Emergency Injury Disaster loan program are improper. I certify that this information is true and correct to the best of my knowledge. (See *Al-Fayed v. C.I.A.*, 254 F.3d 300, 310 (D.C. Cir. 2001); *Bloomberg, L.P. v. U.S. Food & Drug Admin.*, 500 F.Supp.2d 371, 378 (S.D.N.Y. 2007).

If you regard these documents as potentially exempt from the FOIA's disclosure requirements, I request that you nonetheless exercise your discretion to disclose them. As the FOIA requires under 5 U.S.C. § 552(a)(8), **please release all segregable, non-exempt portions of** documents. To permit me to reach an intelligent and informed decision whether to file an administrative appeal of any denied material, please describe any withheld records (or portions thereof) and explain the basis for your exemption claims.

As required by the statute, please review whether there is any foreseeable harm from disclosing the requested records, or if any potential harm would be limited in comparison to the public

interest in disclosure. As required by 5 U.S.C. § 552(a)(8), please release all such information, even if it technically may fall under a FOIA exemption.

As a representative of the news media, The Washington Post qualifies for **news media fee status** under 5 U.S.C. § 552(a)(4)(A)(ii)(II) and, therefore, may not be charged search and review fees. (See *National Security Archive v. U.S. Department of Defense*, 880 F.2d 1381 (D.C. Cir. 1989), cert denied, 110 S Ct. 1478 (1990)). This request is made as part of a scholarly and news research project that is intended for publication and is not for commercial use. For details on the Post's news reporting activities please see our website at www.washingtonpost.com.

As you know, 5 U.S.C. § 552(a)(4)(A)(viii)(I) prohibits agencies from charging news media organizations duplication fees if the agency does not meet its twenty working day time limit (thirty working days for "unusual" requests).

Additionally, because this information will be used by the Washington Post for the preparation of news articles that will be broadly disseminated to the general public, it will contribute significantly to public understanding of the operations or activities of the government and is not primarily in the Post's commercial interest. As such, please grant a **fee waiver** for any remaining fees incurred.

Please notify me before incurring any cost over \$100.

To expedite the release of the requested documents, please disclose them on an interim basis in **electronic format** as they become available to you, without waiting until all the documents have been processed. If you have any questions regarding my request, including its scope, please contact me at nate.jones@washpost.com

Sincerely,

/S/

FREEDOM OF INFORMATION ACT REQUEST

EXPEDITED PROCESSING REQUESTED

Dear FOIA Officer:

Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552 et seq. ("FOIA"), I request access to and copies of the following records ("the Records"):

1. *Records of approved Paycheck Protection Program loans, for each loan approved between 3/27/2020 and 4/8/2020. I request data on each loan in the same format as currently provided by the SBA for 7(a) loans published on the SBA's website here: <https://www.sba.gov/about-sba/open-government/foia#section-header-32>*
2. *Records of approved Covid-19 Economic Injury Disaster Loans, for each loan approved between 3/6/2020 and 4/8/2020. I request data on each loan in the same format as currently provided by the SBA for EIDL's (CFDA 59.008) published on [usaspending.gov](https://www.usaspending.gov).*
3. *Records of approved Emergency Economic Injury Disaster Loan Grants, as authorized under Section 1110 of the CARES Act, for each grant approved between 3/27/2020 and 4/8/2020. I request data on each loan in a similar format as that provided by the SBA for all EIDL's (CFDA 59.008) published on [usaspending.gov](https://www.usaspending.gov). These should include but need not be limited to the following fields: value of emergency grant, face value of related EIDL loan, action date, recipient name, recipient parent duns, recipient parent name, recipient address, recipient city name, recipient county code, recipient county name, recipient state code, recipient state name, recipient ZIP code, recipient congressional district.*

I am further requesting that the Records be provided to me on computer files, in a .csv format or other commonly-used data format, and that they be provided to me through email, file-sharing service, or API.

I am a reporter for Bloomberg News, an accredited and recognized news-gathering organization. I request the Records to inform the public about matters of public concern. As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Please waive all applicable fees. In the event a fee waiver is not granted, I agree to pay reasonable fees for the Records, including actual costs up to \$250. If you estimate that actual costs will exceed this amount, please contact me so that I may make the appropriate arrangements for payment.

I request that these materials be subject to expedited processing: Bloomberg News is engaged in the dissemination of information to the public and the subject matter related to this request is a matter of great public interest, debate, and urgency. Specifically, the survival of the U.S. economy, and especially small businesses, during the Covid-19 pandemic is a matter of great public concern; the SBA's loan programs are the central pillar of the U.S. government's plan to rescue small businesses; and accountability, scrutiny, and oversight of these efforts depends on timely public disclosure of the SBA's actions.

I certify that my statements concerning the need for expedited processing are true and correct to the best of my knowledge and belief.

FOIA requires that your agency respond to my request for expedited treatment within 10 business days. In the event your agency denies my request for expedited treatment, whether through your agency's affirmative denial of the request for expedited treatment or through your agency's failure to respond to the request for expedited treatment, then FOIA requires that your agency nonetheless respond to the underlying request for information within 20 business days of receipt of this letter. This request is segregable, and your agency may not withhold entire records because of one section that you believe is exempt from disclosure. Under federal law, if you choose to withhold any such parts of the records from disclosure, you must specify in a written response the factual and legal basis for withholding any part of the Records.

Please contact me if I may assist in your office's response to this request. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have questions regarding this request.

FREEDOM OF INFORMATION ACT REQUEST

EXPEDITED PROCESSING REQUESTED

Dear FOIA Officer:

In earlier requests to this office (SBA-2020-000555, SBA-2020-000620, SBA-2020-000910) I requested loan-level data from the SBA's coronavirus loan programs for certain time periods. The SBA has responded to some of these requests by stating that it plans to turn its efforts to providing loan-specific data at a future date.

This letter simply extends the time period of data requested up to the present day, **4/29/20**, and is otherwise identical to the earlier requests.

Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552 et seq. ("FOIA"), I request access to and copies of the following records ("the Records"):

1. *Records of approved Paycheck Protection Program loans, for each loan approved between **4/23/2020 and 4/29/2020**. I request data on each loan in the same format as currently provided by the SBA for 7(a) loans published on the SBA's website here: <https://www.sba.gov/about-sba/open-government/foia#section-header-32>*
2. *Records of approved Covid-19 Economic Injury Disaster Loans, for each loan approved between **4/23/2020 and 4/29/2020**. I request data on each loan in the same format as currently provided by the SBA for EIDL's (CFDA 59.008) published on [usaspending.gov](https://www.usaspending.gov).*
3. *Records of approved Emergency Economic Injury Disaster Loan Grants, as authorized under Section 1110 of the CARES Act, for each grant approved between **4/23/2020 and 4/29/2020**. I request data on each loan in a similar format as that provided by the SBA for all EIDL's (CFDA 59.008) published on [usaspending.gov](https://www.usaspending.gov). These should include*

BLOOMBERG, BLOOMBERG PROFESSIONAL, BLOOMBERG MARKETS, BLOOMBERG NEWS, BLOOMBERG ANYWHERE, BLOOMBERG TRADEBOOK, BLOOMBERG BONDTRADER, BLOOMBERG TELEVISION, BLOOMBERG RADIO, BLOOMBERG PRESS and BLOOMBERG.COM are trademarks and service marks of Bloomberg Finance L.P., a Delaware limited partnership, or its subsidiaries. The BLOOMBERG PROFESSIONAL service (the "BPS") is owned and distributed locally by Bloomberg Finance L.P. (BFLP) and its subsidiaries in all jurisdictions other than Argentina, Bermuda, China, India, Japan and Korea (the "BLP Countries"). BFLP is a wholly-owned subsidiary of Bloomberg L.P. ("BLP"). BLP provides BFLP with all global marketing and operational support and service for these products and distributes the BPS either directly or through a non-BFLP subsidiary in the BLP Countries.

but need not be limited to the following fields: value of emergency grant, face value of related EIDL loan, action date, recipient name, recipient parent duns, recipient parent name, recipient address, recipient city name, recipient county code, recipient county name, recipient state code, recipient state name, recipient ZIP code, recipient congressional district.

I am further requesting that the Records be provided to me on computer files, in a .csv format or other commonly-used data format, and that they be provided to me through email, file-sharing service, or API.

I am a reporter for Bloomberg News, an accredited and recognized news-gathering organization. I request the Records to inform the public about matters of public concern. As a representative of the news media, I am only required to pay for the direct cost of duplication after the first 100 pages. Please waive all applicable fees. In the event a fee waiver is not granted, I agree to pay reasonable fees for the Records, including actual costs up to \$250. If you estimate that actual costs will exceed this amount, please contact me so that I may make the appropriate arrangements for payment.

I request that these materials be subject to expedited processing: Bloomberg News is engaged in the dissemination of information to the public and the subject matter related to this request is a matter of great public interest, debate, and urgency. Specifically, the survival of the U.S. economy, and especially small businesses, during the Covid-19 pandemic is a matter of great public concern; the SBA's loan programs are the central pillar of the U.S. government's plan to rescue small businesses; and accountability, scrutiny, and oversight of these efforts depends on timely public disclosure of the SBA's actions.

I certify that my statements concerning the need for expedited processing are true and correct to the best of my knowledge and belief.

FOIA requires that your agency respond to my request for expedited treatment within 10 business days. In the event your agency denies my request for expedited treatment, whether through your agency's affirmative denial of the request for expedited treatment or through your agency's failure to respond to the request for expedited treatment, then FOIA requires that your agency nonetheless respond to the underlying request for information within 20 business days of receipt of this letter. This request is segregable, and your agency may not withhold entire records because of one section that you believe is exempt from disclosure. Under federal law, if you choose to withhold any such parts of the records from disclosure, you must specify in a written response the factual and legal basis for withholding any part of the Records.

Please contact me if I may assist in your office's response to this request. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have questions regarding this request.

Thank you for your assistance.

Sincerely,

2. Records of approved Covid-19 Economic Injury Disaster Loans, for each loan approved between 4/23/2020 and 4/29/2020. I request data on each loan in the same format as currently provided by the SBA for EIDL's (CFDA 59.008) published on usaspending.gov.

- Expedited Processing Original Justification: I request that these materials be subject to expedited processing: Bloomberg News is engaged in the dissemination of information to the public and the subject matter related to this request is a matter of great public interest, debate, and urgency. Specifically, the survival of the U.S. economy, and especially small businesses, during the Covid-19 pandemic is a matter of great public concern; the SBA's loan programs are the central pillar of the U.S. government's plan to rescue small businesses; and accountability, scrutiny, and oversight of these efforts depends on timely public disclosure of the SBA's actions.

I certify that my statements concerning the need for expedited processing are true and correct to the best of my knowledge and belief.

Re: SBA-2020-000580 Request Response

Dear Mr. Winkler,

This letter is in response to your Freedom of Information Act ("FOIA") request No. SBA-2020-000580 in which you have requested the following:

"a summary database of information for all APPROVED loans under the Paycheck Protection Program of the 2020 CARES Act from the time the program began accepting applications through the end of business on April 13, 2020. Please include all data fields the Small Business Administration tracks for each loan that it determines is information generally disclosed under FOIA, including but not limited to: 1) names, commercial street addresses, and e-mail addresses of recipients of approved loans, 2) names of officers, directors, stockholders or partners of recipient firms, 3) kinds and amounts of loans, loan terms, interest rates, maturity dates, general purpose, etc., 4) business type 5) bank name and bank commercial street address, 6) approval date, 7) disbursement date, 8) NAICS description, 9) franchise name and franchise code, if applicable"

The Small Business Administration ("Agency") is providing statistical information on the Paycheck Protection Program ("PPP") loans and Economic Injury Disaster Loans ("EIDL") in an effort to keep the public informed of the assistance and actions both it and the thousands of lenders across the country are taking at this difficult time. At this time, the Agency is focusing its efforts on assisting small businesses during this unprecedented disruption to the economy due to the coronavirus ("COVID-19") outbreak. The Agency recognizes the need to balance the interests of transparency with the privacy and confidentiality issues release of loan information raises. In the future, we will be able to turn our efforts to providing loan specific data to the public but hope that all understand the need for the Agency to focus its efforts fulfilling the needs of the small businesses. This information will be added to the SBA.gov website as it becomes available.

The statistical information can be found at:

<https://www.sba.gov/about-sba/open-government/foia#section-header-32>. Please select "COVID-19 Information" located under Frequently requested records to obtain the data that is currently available.

Mr. Rolfe Winkler

Your request for Expedited Processing for the FOIA request SBA-2020-001060 has been denied. Additional details for this request are as follows:

- Request Created on: 05/01/2020
- Request Description: Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, please provide me:
 - A summary database of information for all APPROVED Paycheck Protection Program loans from the time the program began accepting applications through the date on which this request is processed. Please include whatever data fields the Small Business Administration tracks for each loan, including but not limited to: 1) names, commercial street addresses, and e-mail addresses of recipients of approved loans, 2) names of officers, directors, stockholders or partners of recipient firms, 3) kinds and amounts of loans, loan terms, interest rates, maturity dates, general purpose, etc., 4) business type 5) bank name and bank commercial street address, 6) approval date, 7) disbursement date, 8) NAICS description, 9) franchise name and franchise code, if applicable. - Expedited Processing Original Justification: Please expedite the processing of this request. Under the provisions of 5 U.S.C. §552(a)(6)(E), expedited processing is allowed for requests by members of the news media where the requestor demonstrates a "compelling need" to inform the public concerning actual or alleged federal government activity.

I am a member of the news media and there is an urgent public need for information that sheds light on the disbursement of Paycheck Protection Program funds. We've already learned of allegations that applicants for the funds may not use them in a manner consistent with the letter and spirit of the law. Multiple applicants have told us they don't need PPP money now, nor have planned any layoffs, yet still applied for PPP funds to make additional hires or just in case the pandemic impacts their business later. We also learned of an allegation that the owner of a private jet, with a net worth possibly in the hundreds of millions, has applied for a PPP loan to meet payroll for the crew that flies his plane. Such cases suggest some applicants may violate the certification in the loan application that "current economic uncertainty makes this loan request necessary to support the ongoing operations of the Applicant."

Given the heightened scrutiny around this issue, and the fact that there is taxpayer money at risk, there is an urgent need to inform the public about how Paycheck Protection Program funds are used. As a member of the news media, I am perfectly placed to fulfill this need to inform the public about this issue.

I certify that my statements concerning the need for expedited processing are true and correct to the best of my knowledge and belief. In accordance with the provisions of 5 U.S.C. §552(a)(6)(E), please advise me within

Description

Description

Pursuant to the federal Freedom of Information Act, 5 U.S.C. s. 552, I request loan level information about all loans made under the Paycheck Protection Program (PPP). I also request the same information for Emergency EIDL Grants. Specifically, for both these programs, I request the same 34 fields the SBA provides through its "SBA 7(a) & 504 loan data reports" on its FOIA website. See: <https://www.sba.gov/about-sba/open-government/foia#section-header-32> and http://imedia.sba.gov/vd/general/foia/7a_504_FOIA%20Data%20Dictionary.xlsx However, in addition to those fields already provided, I also request information

on the amount of forgiveness allowed for each loan. This is a special feature of the PPP loans under Section 1106 of the CARES Act. To be clear, I request information on loans made under the PPP both as authorized under Section 1102 of the CARES Act and as authorized under future laws that extend the program. I also request information on Emergency EIDL Grants made possible under Section 1110 of the CARES Act and any future law. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

Request Expedited Processing

Made Request? Yes

Expedited Justification I am requesting expediting processing for this request under (f)(1)(iv) of the law: "An urgency to inform the public about an actual or alleged Federal Government activity, if made by a person primarily engaged in disseminating information." I am a full-time journalist with the media organization ProPublica. The PPP and EIDL programs collectively have been the focus of intense public interest since the program involves hundreds of billions of taxpayer dollars, directly affects tens of millions of Americans, and is taking place during a national emergency. The PPP program in particular has been the focus of controversy involving lending activity by the banks and the nature of the recipients. (See: <https://www.wsj.com/articles/dallas-hotel-owner-is-biggest-beneficiary-of-coronavirus-loan-program-11587568827> and https://www.washingtonpost.com/business/2020/04/22/small-town-banks-scrambled-provide-federal-loans-outpacing-national-lenders/?utm_source=rss&utm_medium=referral&utm_campaign=wp_business)

Request a Fee Waiver

Made Request? Yes

Expedited Justification As I am a full-time journalist with the media organization ProPublica, this request is made as part of newsgathering and is not for a commercial use. Please waive search and review fees.

The statistical information can be found at: <https://www.sba.gov/about-sba/open-government/foia#section-header-32>. Please select “COVID-19 Information” located under Frequently requested records to obtain the data that is currently available.

FOIA Expedited Processing Disposition Reached for SBA-2020-000914

admin@foiaonline.gov <admin@foiaonline.gov>

Tue 5/5/2020 9:58 AM

To: Paul Kiel <Paul.Kiel@propublica.org>

Your request for Expedited Processing for the FOIA request SBA-2020-000914 has been denied. Additional details for this request are as follows:

- Request Created on: 04/23/2020
- Request Description: Pursuant to the federal Freedom of Information Act, 5 U.S.C. s. 552, I request loan level information about all loans made under the Paycheck Protection Program (PPP). I also request the same information for Emergency EIDL Grants.

Specifically, for both these programs, I request the same 34 fields the SBA provides through its "SBA 7(a) & 504 loan data reports" on its FOIA website. See: <https://www.sba.gov/about-sba/open-government/foia#section-header-32> and http://imedia.sba.gov/vd/general/foia/7a_504_FOIA%20Data%20Dictionary.xlsx

However, in addition to those fields already provided, I also request information on the amount of forgiveness allowed for each loan. This is a special feature of the PPP loans under Section 1106 of the CARES Act.

To be clear, I request information on loans made under the PPP both as authorized under Section 1102 of the CARES Act and as authorized under future laws that extend the program. I also request information on Emergency EIDL Grants made possible under Section 1110 of the CARES Act and any future law.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

- Expedited Processing Original Justification: I am requesting expediting processing for this request under (f)(1)(iv) of the law: "An urgency to inform the public about an actual or alleged Federal Government activity, if made by a person primarily engaged in disseminating information."

I am a full-time journalist with the media organization ProPublica. The PPP and EIDL programs collectively have been the focus of intense public interest since the program involves hundreds of billions of taxpayer dollars, directly affects tens of millions of Americans, and is taking place during a national emergency. The PPP program in particular has been the focus of controversy involving lending activity by the banks and the nature of the recipients. Description

Description

Pursuant to the federal Freedom of Information Act, 5 U.S.C. s. 552, I request loan level information about companies that received subsidies for SBA 7(a) loans under Section 1112 of the CARES Act, "Subsidy for Certain Loan Payments." The section enables the SBA to pay the principal, interest, and fees that are owed on specified loans for six months. In addition to the information the SBA commonly releases through its "SBA 7(a) & 504 loan data reports" on its FOIA website, for each loan, I request the beginning date of the 6-month period that the SBA paid the loan payments, the end date, and the amount

paid by the SBA under Section 1112. On 4/23/2020, I submitted a request about other SBA loans made under the CARES Act (Tracking number) SBA-2020-000914. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

From: **Mark Walker** <mark.walker@nytimes.com>

Subject: Freedom of Information Act request
To: <FOIA@sba.gov>

Good morning,

I hope this email finds you well.

This is a request under the Freedom of Information Act from Mark Walker of The New York Times.

The New York Times is requesting a summary database of information for all approved loans under the Paycheck Protection Program of the 2020 CARES Act from the time the program began accepting applications through the end of business on April 13, 2020. Please include all data fields the Small Business Administration tracks for each loan that it determines is information generally disclosed under FOIA, including but not limited to: 1) names, commercial stress addresses, and e-mail address of recipients of approved loans, 2) names of officers, directors, stockholders or partners of recipient firms, 3) kinds and amounts of loans, loan terms, interest rates, maturity dates, general purpose, etc., 4) business type, 5) bank name and bank commercial street address, 6) approval date, 7) disbursement date, 8) NAICS description, 9) franchise name and franchise code, if applicable.

Format of requested records

Under FOIA, you are obligated to provide records in the format requested. See, e.g., 5 U.S.C. § 552(a)(3)(B) ("In making any record available to a person under this paragraph, an agency shall provide the record in any form or format requested by the person if the record is readily reproducible by the agency in that form or format.").

We request all records in an electronic .pdf format.

Please provide all records on a rolling basis.

Response time

We appreciate your help in expeditiously obtaining a determination on the requested records. As mandated in FOIA, we anticipate a reply within the statutory timeframe of 20 business days. 5 U.S.C. § 552(a)(6)(A)(i).

Fee waiver

I respectfully request that you waive all fees in connection with this request as provided by 5 U.S.C. § 552(a)(4)(A)(iii). FOIA was designed to provide citizens a broad right to access government records. FOIA's basic purpose is to "open agency action to the light of public scrutiny," with a focus on the public's "right to be informed about what their government is up

to.” U.S. Dep’t of Justice v. Reporters Comm. for Freedom of the Press, 489 U.S. 749, 773–74 (1989). In order to provide public access to this information, FOIA’s fee waiver provision requires that “[d]ocuments . . . be furnished without any charge or at a [reduced] charge . . . if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester.” 5 U.S.C. § 552(a)(4)(A)(iii). Disclosure to The New York Times will contribute to public understanding of the operations and activities of the government and is not in the commercial interest of the requester.

Expedited processing

First, the subject of this records request is a matter of extreme media interest that has raised questions about the integrity of the government’s trade negotiation practices.

The Paycheck Protection Program has been covered by every major news outlet in the United States. Many of these outlets have hired questions about to what kinds of businesses the funds distributed through the program are being allocated. The requested records will provide insight into which businesses received these loans.

Second, as a reporter for The New York Times, I am a person primarily engaged in disseminating information to the public, and there is an urgent need to inform the public about the specific government activity that is the subject of this request.

This week, Congress added more money to the Paycheck Protection Program. It is likely that there will be future debates about which loans should be forgiven under the terms of the program. The requested records will contribute to the public’s understanding of this debate about federal government activity.
